

Name: Mike Dewick Email Address: mdewick@comcast.net

Address: 16300 E. Elm St., 64050 Telephone: 816-836-1499

I hereby request the opportunity to speak to the City Council at its regular meeting on 9/18/17. I intend to speak on the subject of

Experiences with city employees.

_____ Additional explanation attached

I understand that the City Council permits citizens to speak at its meetings provided the previously approved rules of procedure are followed. These rules are outlined more fully in "City Council Rules of Procedure", a copy of which may be made available for my reading from the City Clerk's Department.

Since this is not a public hearing, but a working business session at which the public's business must be handled by the Council, that business must be given first priority.

I agree to abide by:

1. A time limit of five (5) minutes, which is the same amount of time to be given to any other speaker, a limit of three (3) minutes if the issue has been presented to the Council once, or a limit of two (2) minutes if the issue has already been presented to the Council twice. I will be notified when one (1) minute remains and at the conclusion of the allotted time.
2. Any by rulings of the Mayor as to the time and propriety of my remarks, understanding the one topic I plan to address is a matter concerning the City's business or on a matter over which the Council has control. I will not deviate from the above stated topic.
3. That my statement will not make a personal attack upon either the public officials or any other person.
4. That all remarks will be directed to the Mayor or the Council as a body and that the Council is under no obligation to answer direct questions or to debate with the speaker.

We appreciate your interest in City government and hope that your appearance before this body will help to improve this community and encourage other citizens to take part.

CITY COUNCIL OF THE CITY OF
INDEPENDENCE, MISSOURI
