

Brian,

I am requesting rezoning for the commercial lot on 24 Highway from C-2 to C-3 so that I can build new buildings that will house separate commercial rental units. They will be rented to auto repair or similar businesses that will need screened/fenced outside storage.

I am wanting to rezone the portion of the lot on Cogan Lane that is Multifamily R18 to residential R-6 to accommodate the new plat, we are wanting to build 7 residential homes. I am also wanting to rezone an area on the back of the R-6 lot to C-3 and make it part of the 24 Highway commercial lot.

Dan Wilson
